

The University of Kansas
Department of Electrical Engineering & Computer Science
Statement of Academic Objectives

Applicant Information

NAME:

DATE:

Academic Objectives

Please write a brief essay describing your academic objectives in Computer Science, Computer Engineering or Electrical Engineering. Discuss the particular areas of focus within the department you wish to study and indicate how and why you have decided to pursue graduate studies in your chosen field. You may also include relevant information about your academic background or related work experience. This statement of objectives will be used by faculty in the department to evaluate your academic potential and to select graduate teaching/research assistants. Attach additional sheets if necessary.
